

AFMA was formed in March 2005 to provide information and education to growers, market managers and consumers on the production and marketing of Arkansas produce and products. The Association also provides a network that allows market growers and managers to communicate, support each other and work jointly on projects. Membership is open to any farmers market having bylaws and/or an advisory committee. Farmers markets in the process of taking these organizational steps are encouraged to apply.

AFMA Membership Dues are due on the first day of January each year. Dues must be paid by or at each annual meeting in January to vote during the business meeting, or prior to participating in any AFMA programs and events. New member applications must be received and approved by the board.

Please remit \$25.00 to:
